Welcome to DeltaCare

Preventive dental care without prohibitive costs in addition to top-quality primary care dentists and specialists to choose from. That's what you get as a member of DeltaCare.

In this directory, you will find the names of the primary care dentists who make up the DeltaCare provider network. You will enjoy comprehensive dental care at significantly lower costs than traditional plans through any of these quality providers. And, you will enjoy the advantages of Delta Dental's 30-plus years of dental benefits experience and our commitment to achieving and maintaining the oral health of you and your family.

Choosing a Primary Care Dentist

DeltaCare is designed for people like you, who understand that regular preventive maintenance is the key to healthy teeth. Your primary care dentist (PCD) helps you put this philosophy into action by focusing on preventive measures before problems occur.

This directory contains the names of dentists who you can choose as a PCD. These dentists are listed in the directory under the city or town in which they practice. Your PCD will be responsible for your overall dental care—even preparing a formal treatment plan after your first visit to help you achieve and maintain good dental health. When you are in need of specialty services, you may select a specialist from the DeltaCare specialist network.

You must indicate your choice of a PCD on your enrollment form. If you do not, a PCD will be assigned to you. You may change your PCD by calling (800) 327-6277. If you call by the 21st of the month, your new PCD designation will be effective by the first of the following month.

Getting the Most from Your DeltaCare Coverage

DeltaCare is designed to provide comprehensive, quality care through the DeltaCare network. Each plan provides coverage for services performed by out-of-network dentists but this coverage is at a lower level, which means that you'll pay more. Members are encouraged to receive services through their PCD to maximize the value of the plan and keep their out-of-pocket costs low. Each member who receives care from a non-participating dentist will need to satisfy a \$100 out-of-network deductible. Out-of-network coverage will be 20% lower than the group's in-network coverage for each type of service. Coverage will be based on the maximum allowable fee for the service. Out-of-network coverage applies only to those services that are covered by your DeltaCare Plan.

If you need emergency care, contact your PCD immediately. He/She will arrange to get you the care you need. If you cannot reasonably reach your PCD (for example, you are traveling and not in the area) and need emergency care, you should see a local dentist for treatment. Delta Dental will provide coverage for services rendered to reduce swelling, relieve pain and/or reduce the potential for infection until you can see your PCD for treatment. You should then contact your PCD to arrange for further care.

How to Use this Directory

This directory is divided alphabetically by town. Dentists, along with their addresses and phone numbers, are listed alphabetically by their last names under the towns in which they practice. Specialists are listed in a separate section alphabetically by town and specialty. Dentists that are not accepting new patients are listed in the closed panel dentist section. If your current dentist's name appears in this section, you should contact the dental office to confirm that you will be accepted as a DeltaCare patient. In addition, at the end of the directory, you will find alphabetical and specialty indexes of all DeltaCare providers.

Because this directory is updated periodically, it does not include the names of dentists who became plan participants after this directory was printed. It may, however, include the names of dentists whose participation has ended since this directory was printed. **For this reason, the list should not be used as a final determination of a dentist's participating status.** To confirm that a particular dentist participates in DeltaCare, please use the Find a Dentist tool on our website www.deltadentalma.com or call the DeltaCare Customer Service at (800) 327-6277.
