Who is eligible?

You and your immediate family member(s) are eligible if you are a MOSES member in good standing prior to the application deadline.

What are the requirements?

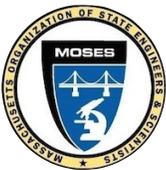

You (or your family member) plan to attend and have been accepted to an accredited higher education facility for the coming year.

How do I apply?

Applications are sent during the late summer and members must submit a separate application for each family member seeking a scholarship.

Winners are determined via drawing at September's General Membership Meeting.

For more information, visit www.MOSES-MA.org or call the MOSES office @ 617.367.2727.

Since 1981, over \$400,000 has been given to help our members and their families to achieve their educational goals. Each scholarship is named in memoriam for a MOSES board member who exemplified dedication, hard work and commitment to the organization.
